

THE LEADER IN ELECTRIC POWERED PERFORMANCE

This electric resurfacer can handle the busy schedules of today's arena operations. The Model 552 is the proven and reliable choice for clean ice and clean air.

**MODEL
552**

Industry-proven lead acid batteries

State-of-the-art electronic controls are neatly packaged and easily accessible below the operator's seat

Exceptional results from our unrivaled down pressure system

BATTERY AND CHARGER

The industry-proven battery technology is easy to access and maintain. Microprocessor controlled chargers deliver long battery life.

ELECTRONIC CONTROLS

Dependable Sevcon® MOSFET controls are proven in tough industrial applications. On-board diagnostics provide management of machine functions and status updates.

DRIVETRAIN

Four-wheel drive. Rugged Dana Spicer® axles combine with a 17.5 HP traction motor, providing the most reliable drivetrain in the industry.

HYDRAULICS

An 8 hp electric motor drives the double pump. Separate pump sections for the augers provide strong conveyor performance at any speed. Easy access high quality filters.

CONSTRUCTION

Robust hand-welded steel tubing chassis. Premium primer/paint and rust-free poly water tanks for corrosion resistance in the harsh environment it will call home.

GLOBAL SERVICE AND SUPPORT

Zamboni Customer Service and a network of Zamboni Authorized Distributors provide exceptional and accessible service and support worldwide.
