

## INDUSTRY LEADING CAPACITIES ACROSS THE BOARD

The Model 710 features an EU certified diesel engine, delivering robust power as well as emissions compliance. A wider blade and double the ice-making water makes swift work of big surfaces.

**MODEL  
710**

Powerful side-mounted industrial diesel engine and reliable JIC hydraulic fittings

Ease of operation with on-dash diagnostics to monitor performance and consumption rates

Exceptional results from our unmatched down pressure system

## POWER AND EFFICIENCY

Turbo-charged four-cylinder 3.0 L diesel engine is electronically controlled. Pressurized engine cooling system optimizes emissions performance and fuel efficiency.

## TRANSMISSION

Continuously variable hydrostatic pump and motor are axial-piston type, providing superior on-ice power with maximum drawbar pull. Full hydro-dynamic braking.

## DRIVETRAIN

Four-wheel drive. Rugged Dana Spicer® axles combine with an innovative hydrostatic transmission, providing the most reliable drivetrain in the industry.

## HYDRAULICS

Efficient double pump delivers full power and speed to the augers, even while the machine slows for corners. Easy access to high quality, low maintenance filters.

## CONSTRUCTION

Robust hand-welded steel tubing chassis. Premium primer/paint and rust-free water tanks for corrosion resistance in the harsh environment it will call home.

## GLOBAL SERVICE AND SUPPORT

Zamboni Customer Service and a network of Zamboni Authorized Distributors provide exceptional and accessible service and support worldwide.
